The image shows a Windows desktop environment. At the top, a menu bar includes 'File', 'Machine', 'View', 'Input', 'Devices', and 'Help'. Below this is a title bar for a terminal window titled 'Terminal - satwika@satwika-VirtualBox: ~/Desktop/Main_Directory/5'. The terminal window has a menu bar with 'File', 'Edit', 'View', 'Terminal', and 'Tabs', and a Help icon. The terminal content shows a series of commands and their outputs. The first command is 'ls', listing files in the directory. The second command is 'diff -y -w 60 --suppress-common-lines .compare_me1.txt .compare_me2.txt', which compares two files. The output shows several lines of differences between the two files. The third command is 'diff -y -w 60 --suppress-common-lines .compare_me1.txt .compare_me2.txt', which is repeated. The output shows the same differences. The terminal window is open on a desktop with a taskbar at the bottom. The taskbar contains icons for 'Task Manager', 'Google Drive', 'Terminal - satwika@satwika...', and several other applications. The system tray at the bottom right shows the date and time as '25-02-2022' and '16:31'.
